The amounts in this column give the *pro rata* of gross premiums for the unexpired terms of all policies of the several companies in force at December 31, 1900, as provided in the statutes in that behalf. Upon the assumption that adequate premiums have been collected these amounts may be regarded as considerably in excess of the sums which would ordinarily be required to pay the losses to accrue under outstanding risks, a fact which may properly be taken into account in the case of individual companies in considering questions of actual or probable as distinguished from *legal* surplus, declaring dividends, impairment of capital and other cognate subjects.
